	September 1955, by the Gesell	schaft fuer Snort und Technik	/ A = a = a d = d d a =
	for Sport and Technique) (GST jumping. 1) for their training in gliders	
2.	jumping. 1		
2.	jumping. 1 Calau.		s and pærachute
2.	jumping. 1 <u>Calau.</u> Surveying work at Calau airfi) for their training in gliders	s and pærachute
2. Azir	jumping. 1 Calau. Surveying work at Calau airfi prior to 20 September 1955. Marketalde.) for their training in gliders eld were completed but no plansing work had been completed, but	s and pærachute s were known
2. Azir 4.	Jumping. 1 Galau. Surveying work at Galau airfi prior to 20 September 1955. Nariowalde. Let 50 June 1955, survey work was being done at Marksw All sodded airfields, which h	eld were completed but no plans ing work had been completed, but alde airfield. 3	s and pærachute s were known ut no further he German Air
Azir 3.	Galau. Surveying work at Calau airfi prior to 20 September 1955. Nartowalde. Let 50 June 1955, survey work was being done at Marksw All sodded airfields, which h Force were given consecutive	eld were completed but no plansing work had been completed, but alde airfield.	s and pærachute s were known ut no further he German Air now airfield, for
Azir 3.	Galau. Surveying work at Galau airfi prior to 20 September 1955. Marketalde. Lo 50 June 1955, survey work was being done at Marksw All sodded airfields, which heroce were given consecutive instance, had Project No 114.	eld were completed but no plans ing work had been completed, but alde airfield. 3 ad formerly been occupied by the project numbers. Luckau - Alter	s and pærachute s were known ut no further he German Air now airfield, for
Azir 3.	Galau. Surveying work at Galau airfi prior to 20 September 1955. Marketide. to 50 June 1955, survey work was being done at Marksw All sodded airfields, which h Force were given consecutive instance, had Project No 114. airfields were not known. Comment. The former Ge coordinates 51°41'00'! N and	eld were completed but no plans ing work had been completed, but alde airfield. 3 ad formerly been occupied by th project numbers. Luckau - Alter The numbers of the above-ment: rman airfield near Neuhausen in 14025'30' E. Information was	s and pærachute s were known ut no further he German Air now airfield, for ioned s located at received in
Arriva 4.	Galau. Surveying work at Galau airfi prior to 20 September 1955. Marketide. to 50 June 1955, survey work was being done at Marksw All sodded airfields, which h Force were given consecutive instance, had Project No 114. airfields were not known. Comment. The former Ge coordinates 51°41'00'! N and October 1954, that a 2,500-me	eld were completed but no plans ing work had been completed, but alde airfield. 3 ad formerly been occupied by th project numbers. Luckau - Alter The numbers of the above-ment: rman airfield near Neuhausen is 14025'30'' E. Information was ter runway was scheduled to be s never been any addition information	s and pærachute s were known ut no further he German Air now airfield, for ioned s located at received in built at this
Arriva 4.	Galau. Surveying work at Calau airfi prior to 20 September 1955. Narioulde. to 50 June 1955, survey being done at Marksw All sodded airfields, which he Force were given consecutive instance, had Project No 114. airfields were not known. Comment. The former Ge owordinates 51°41'00'! N and October 1954, that a 2,500-me airfield, but todate there ha which would support that stat Comment. The former Ge and 13°57'45'! E) has a firm	eld were completed but no plans ing work had been completed, but alde airfield. 3 ad formerly been occupied by th project numbers. Luckau - Alter The numbers of the above-ment: rman airfield near Neuhausen is 14025'30'' E. Information was ter runway was scheduled to be s never been any addition information	s and pærachute s were known ut no further he German Air now airfield, for ioned s located at received in built at this rmation received, nkow (51°40'25''N 2 is unoccupied.
4.	Surveying work at Calau airfi prior to 20 September 1955. Nertwide. to 30 June 1955, survey to being done at Marksw All sodded airfields, which he force were given consecutive instance, had Project No 114. airfields were not known. Comment. The former Ge coordinates 51°41'00'! N and October 1954, that a 2,500-me airfield, but todate there ha which would support that stat Comment. The former Ge and 13°57'45'! E) has a firm Parachute jumps were repeated Comment. This is Neuha 52°36'50'!N and 14°14'40'! E.	eld were completed but no plans ing work had been completed, but alde airfield. 3 ad formerly been occupied by th project numbers. Luckau - Alter The numbers of the above-ment: rman airfield near Neuhausen is 14025'30'' E. Information was ter runway was scheduled to be s never been any addition informents. rman airfield near Calau - Brongrass cover. The installation:	s and pærachute s were known ut no further he German Air now airfield, for ioned s located at received in built at this rmation received, nkow (51°40'25''N 2 is unoccupied. g of 1955. ed at coordinates 2
4. 4.	Galau. Surveying work at Galau airfi prior to 20 September 1955. Marketide. to 50 June 1955, survey work was being done at Marksw All sodded airfields, which he Force were given consecutive instance, had Project No 114. airfields were not known. Comment. The former Ge coordinates 51°41'00'! N and October 1954, that a 2,500-me airfield, but todate there ha which would support that stat Comment. The former Ge and 13°57'45'! E) has a firm Parachute jumps were repeated Comment. This is Neuha	eld were completed but no plans ing work had been completed, but alde airfield. 3 ad formerly been occupied by the project numbers. Luckau - Alter The numbers of the above-ment: rman airfield near Neuhausen is 14025'30'' E. Information was the runway was scheduled to be a never been any addition informents. rman airfield near Calau - Brongrass cover. The installation if y made there during the spring rdenberg airfield and is located.	s and pærachute s were known ut no further he German Air now airfield, for ioned s located at received in built at this rmation received, nkow (51°40'25''N 2 is unoccupied. g of 1955. ed at coordinates 2
3. A. 4.	Surveying work at Calau airfi prior to 20 September 1955. Nertwide. to 30 June 1955, survey to being done at Marksw All sodded airfields, which he force were given consecutive instance, had Project No 114. airfields were not known. Comment. The former Ge coordinates 51°41'00'! N and October 1954, that a 2,500-me airfield, but todate there ha which would support that stat Comment. The former Ge and 13°57'45'! E) has a firm Parachute jumps were repeated Comment. This is Neuha 52°36'50'!N and 14°14'40'! E.	eld were completed but no plans ing work had been completed, but alde airfield. 3 ad formerly been occupied by the project numbers. Luckau - Alter The numbers of the above-ment: rman airfield near Neuhausen is 14025'30'' E. Information was the runway was scheduled to be a never been any addition informents. rman airfield near Calau - Brongrass cover. The installation if y made there during the spring rdenberg airfield and is located.	s and pærachute s were known ut no further he German Air now airfield, for ioned s located at received in built at this rmation received, nkow (51°40'25''N 2 is unoccupied. g of 1955. ed at coordinates 2
